November 30, 2002

The Honorable J. Frederick Motz, Chief Judge
United States District Court for the District of Maryland
101 West Lombard Street
Baltimore, MD 21201

Dear Judge Motz,

As you know, the states around this great country are struggling with budget deficits since the dreadful date of September 11. As the Senate Chair of the Public Education Appropriations Subcommittee in the Utah State Legislature, I am very pleased with the possibility of Utah receiving technical support for our communities and schools from the Microsoft Corporation as a result of their legal settlement.

The timing of the additional resources couldn't have come at a better time. We greatly appreciate the financial assistance Microsoft has offered.

Sincerely,

Senator Howard Stephenson,
Utah State Senate
